

TO INSANE ASYLUM.

Jim Lane Put in the Hands of Proper Attendants.

At 5 o'clock yesterday afternoon Jim Lane, who made such a desperate attempt to obtain his freedom, was taken to the insane asylum where he will probably remain for some time.

Tuesday night after he was taken down to his cell, he became quite disturbed, making it necessary for guards to be at his side to prevent any violence. It was found that these guards did not have a very soothing effect upon the prisoner, so one of his sisters was sent for. She succeeded in pacifying him a little.

He behaved queerly all night and showed no signs of improvement yesterday, so it was deemed necessary to have him removed to the insane asylum where he could receive the attention necessary to his condition.

Lane was taken from the prison to the asylum by two of the asylum guards. He was very quiet all the way out and showed no violence last night. He accepts his position very quietly and says nothing.

It is a significant fact that Lane is subject to attacks of insanity, he having suffered the most severe attack about a year ago.

Lane vs. Waterhouse.

Tuesday night at a late hour, Mr. Henry Waterhouse tried his hand at pacifying Jim Lane, inviting him to partake of poi out of the same bowl. Lane looked queerly at him for a while, but said nothing. Mr. Waterhouse assured him he was his friend. Lane answered that he always was opposed to missionaries, and that they could not be friendly to each other. He would under no circumstances dip his finger into the poi bowl, but stood watching while Mr. Waterhouse ate.

A Native's Story.

A native living in town says that he received a letter by the W. G. Hall which informs him that the arms, sent in the Kinau for the Citizens' Guard at Hilo, were captured at Mahukona by one individual, single-handed and alone. The Kinau was captured also, so the letter states.

Strength of Parties.

The Philadelphia Press has compiled a table, which is nearly complete, of the popular vote cast last November for State officers and Congressmen. The table, omitting Florida and Nevada, shows that there were 11,263,377 ballots cast as follows: Republican, 5,588,323; Democratic, 4,148,456; Populist, 1,246,752; Prohibition, 219,813. In 1892 the Republican vote was 5,175,202, showing an increase of 413,124.

They Talk of Peace Soon.

WASHINGTON, Jan. 12.—Mr. Kurina, the Japanese Minister, says he expects peace negotiations between the plenipotentiaries of China and Japan to begin about the 1st of February. The Chinese Peace Commissioners left Peking on the 7th inst. It is expected that John W. Foster, who is to assist the Chinese envoys in their negotiations, will be on hand February 1st. Kurina has not yet received any direct information as to who will conduct the negotiations on the part of the Japanese Government, but naturally presumes that Kato, Minister of Foreign Affairs, will be the Japanese representative. The Minister says the newspaper reports to the effect that his Government has given notice that it would not receive Shiao, one of the Chinese plenipotentiaries, because of the latter's proclamations offering rewards for Japanese heads is incorrect.

Favors the Popular Vote.

WASHINGTON, Jan. 13.—Senator Hill was asked tonight by the World correspondent if he not think Congress at this session should take the steps necessary to bring about popular elections of United States Senators. "Yes," replied Senator Hill, "I think that Congress should give the country not only the financial legislation which it needs, but other appropriate legislation demanded by the best interests of the people. Among other things it should pass the proposed amendment to the Constitution for the election of United States Senators by the people. This is a much-needed reform, the importance of which at this time cannot be overestimated."

Coronation of the Czar.

ST. PETERSBURG, Dec. 19.—The coronation of the Czar Nicholas II. will take place in April, 1896. After the coronation the Czar and Czarina will proceed to Nijni-Novgorod, where they will open the National Exhibition. It is understood that extensive changes in the Government offices will be made at the beginning of the Russian New Year.

According to an estimate made by the Provincial Government of Sicily, 5000 houses were demolished during the recent series of earthquake shocks in the island and about 14,000 persons were rendered homeless.

JUST A FEW WORDS

on a subject which we know will interest every one: For years we have done the fine watch repairing in Honolulu.

Difficult work of every description which had formerly been sent to the Coast, was first properly handled in our Repairing Department. Such work as

CHANGING KEY TO STEM WINDERS

repairing complicated watches of every description; demagnetizing; making by hand any lost part of a complicated watch; in fact any difficult work pertaining to the repairing of fine watches is our especial forte.

The number of watches which find their way into our Repairing Department after having been through the hands of numerous EXPERTS (?!?) beyond belief. Whilst we are at all times ready and willing to do every conceivable kind and condition of a job—would it not pay you better to bring your watch to us in the first place and be assured of an honest amount of work at a reasonable price, rather than take it from one to another, causing you delay and annoyance, to say nothing of the greater expense?

We Charge Less For Perfect Work

than you have been used to paying for inferior work right along.

As a matter of fact, the expert (?) who cleans your watch with a pair of bellows and a crow-bar for 50 cents makes more money than the honest workman who does an honest job and charges an honest price.

Because your watch is returned to you running fairly well, it is no criterion that it has been properly repaired. The great annoyance attendant upon the repairing of a watch, is that 99 out of 98 cannot tell if the work is well done—but are satisfied if the watch is keeping somewhere near the correct time.

Who can see the jewel protruding half way out of the plate, or worse, sunk down through the plate, fastened in with a little glue, or hammered in with a sledge. How often the expert grinds off the broken staff, sinks the jewel a little lower, tells you he has put in a new staff and charges you a little less than the price and you go on your way rejoicing. But some day you will discover the fraud, such work cannot last long. It is dear at any price, which you soon discover to your sorrow.

Moral: Make no mistake; take it where you know it will be well treated and that is the Repairing Department of

H. F. WICHMAN.

Arrived by the Alameda

And added to our large and selected stock of

Hardware!

Steel Garden Trowels, 5, 6 and 7 inches, Hawaiian Flags 4 1/2 to 12 feet, Wostenholm Pocket Knives, 150 dozen assorted; Stubs' Jewellers' Files, 109 dozen assorted; Door Mats, "Aloha" and plain, large assortment; Brass Blacksmiths' Rules, Steel Blacksmiths' Rules,
